

IPSC CANADA

NATIONAL TRAINING PROGRAM

Participation and Certification Policy

Purpose

Policy to govern who and how competitors participate and maintain requirements for participation in IPSC Canada.

Participation

To ensure the safety of its competitors, IPSC Canada does not permit a person to participate in an IPSC sanctioned match (be it sanctioned by IPSC, IPSC Canada or a section of IPSC Canada); whereby that person is not a member in good standing with IPSC Canada; or a member of IPSC in their region of residence. A member in good standing of IPSC Canada is an individual that carries a current black badge certification and has fulfilled all requirements to be a member in the section where they reside. If there is a misunderstanding or discrepancy of the above rule; a final determination of a person's eligibility to participate in an IPSC sanctioned match, in Canada, shall be determined by a vote of the IPSC Canada National Executive Committee (NEC), at its earliest convenience.

A member must participate in at least one (1) Level II or higher match in 2 calendar years failing which they will be deemed inactive.

Re-certification

If a member has not participated in a sanctioned IPSC competition for:

- a. More than two (2) years and less than three (3) years, the Member must:
 1. Write Black Badge exam
 2. Be recertified on the range by an Instructor or CRO chosen by Section Training Officer
 3. Complete sanctioned Level II or higher match
- b. More than three (3) years the Member must:
 1. Re-take the Black Badge course
 2. Complete a Level II or higher sanctioned IPSC match
